

# Differentiation Strategies for **ACCELERATION**

## **Embed**

### **Advanced Activities in lessons**

- Use more complex passages and problems.
- Have students create examples, problems, reasons, or recall aids

## **Expand**

### **Checking for Understanding**

- Ask students to justify/interpret answers or clarify questions
- Ask students to teach partners by pointing to problem or text

## **Provide**

### **Enrichment Activities after teaching**

- Assign advanced problems
- Assign more challenging reading passages
- Assign lesson-related enrichment activities
